### Reports of Government Chemists.

"The Royal Baking Powder is composed of pure and wholesome ingredients. It does not contain either alum or phosphates, or other injurious substances." EDWARD G. LOVE, Ph. D."

"The Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public." HENRY A. MOTT, M. D., Ph. D."

"The Royal Baking Powder is pure in quality and highest in strength of any baking powder of which I have knowledge." JAMES MCINTOSH, Ph. D.

"All-Alum Baking Powders, no matter how high their strength are to be avoided as dangerous. Phosphate powders liberate their gas too freely, or under climatic changes suffer deterioration."

## The Coming Congress.

It is Expected to Be a Very Busy Session.

### GREAT QUESTIONS OF THE DAY.

The Tariff, Trusts, the Civil Service Law, the Interstate Commerce Law, the International Question and the National Election Law Will Be the Leading Questions Considered.

WASHINGTON, Oct. 21.—There are not many senators and representatives in Washington now, but most of them here expect a very interesting and busy session of congress during the coming winter. The tariff, trusts, the civil service law, the interstate commerce law, the educational question, a national law, and subsidies will be among the subjects that will engage the attention of congress.

What are recognized as the great questions of the day will, for the most part, be presented as part of measures and are likely to render the coming session a very important one. Senator Dolph thinks congress will take no step backward in the matter of regulation of interstate commerce or civil service reform. Both the interstate commerce law and the civil service law, he thinks, will probably be amended, but not so as to destroy their efficiency. Wherever amendments are made to either, it will be for the purpose of eradicating defects disclosed by experience, and to make them more effective.

The race question, he says, will undoubtedly be discussed in connection with the contested election cases and independently of them. It is a live question and will not down at any bidding. He feels confident that the tariff will be revised and the source of the revenue diminished. Some measure not very dissimilar to the senate bill will be passed. It is possible, he thinks, that the bill upon the subject of trusts will be passed, but the subject must be dealt with in the main, the senator says, by the states. The power of congress over this subject is so limited as to render of little value any law which it may pass to prevent or control trusts in the states.

Congressman Brown, of Indiana, thinks a revision of the revenue system the most important question awaiting the action of congress, and favors a repeal of the tax on tobacco, on alcohol used in the arts and a reduction of the tax on sugar. He says:

"Something will probably be done regarding the seal fisheries, and also the Canadian fishery dispute. These questions, however, will not divide the parties. I have no doubt there will be some amendment to the interstate commerce law, and congress will unquestionably legislate on the subject of trusts. If it is possible to define a trust in such a way as not to interfere with legitimate business."

Congressman Hitt, of Illinois, thinks it rather too early to make any predictions about what congress will do at the coming session. No conference of even the most informal kind has been held so that no means of judging what other members are considering is to be had. Then the shifting of opinion on many important points is so likely that a judgment now is not very apt to hold when actual voting on questions begins in January and March.

Something in the way of amending legislation to the inter-state commerce law may be expected. As to the civil service law, too many congressmen of both parties are pledged to its support to allow its appeal. The subject of trusts will probably be involved in the discussion of the tariff, which will, of course, come up next session.

Organizer of the House.

WASHINGTON, Oct. 21.—As members-elect to the Fifty-first congress reach the city, gossip respecting the organization of the next house of representatives naturally increases. The consensus of opinion among members-elect now here indicates that the speakership will go either to Main (Mr. Reed) or Ohio (Mr. McKinley). Messrs. Burroughs, of Michigan, and Cannon, of Illinois, are both on the ground, however, and it is said, will at least make the contest interesting before balloting begins. At this writing it would be a very difficult undertaking to pick out the stronger candidate from the first two named.

Maj. John M. Carson, of the Philadelphia Ledger, appears to have already practically captured the speakership of the next house. In his modest way, Maj. Carson has been working all summer, and it is claimed by his friends that he has pledges sufficient to elect on the first ballot. Col. Swords, appears to have no rival for the position of sergeant-at-arms, while there are several candidates for the offices of doorkeeper and postmaster.

Famous Member Dead.

HARTFORD, Conn., Oct. 21.—George W. Moore, a leading citizen and prominent banker and broker of Hartford, died yesterday morning after a week's illness, aged 66 years. He was the head of the firm of George W. Moore & Company, president of the Mechanics' Savings bank, a director of the Phenix Fire and Life Insurance company, and president of the Cedar Hill Cemetery association.

Blow in the Muzzle of an Old Gun.

GREENSBURG, Ind., Oct. 21.—Brent Patton, 21 years old, son of Campbell Patton, was cleaning out an old gun Saturday afternoon, and, supposing he had taken all the powder out at the breech, blew in the muzzle.

The gun was discharged in his mouth knocking out two teeth, and causing a wound that may become very dangerous.

### COMMISSIONER OF PENSIONS.

The President appoints Green B. Raum, of Illinois, to that office.

WASHINGTON, Oct. 21.—The president has settled the long controversy over the appointment of a commissioner of pensions to succeed James Tanner, resigned, by the appointment of Gen. Green B. Raum, of Illinois, ex-member of congress and ex-commissioner of internal revenue. The impression prevailed until quite recently that Mr. Poole, of New York, would be appointed. This impression was based on the hopeful expressions of Senator Hisscock, who is Mr. Poole's principal supporter, and who felt confident of his appointment.

In none of the speculations about the succession to Commissioner Tanner had the name of Mr. Raum figured prominently until Friday night and then the possibility of his appointment was discussed by few. It was once suggested that Mr. Mason, the commissioner of internal revenue, might be transferred to the head of the pension office, and Mr. Raum succeed him as commissioner of internal revenue. Mr. Raum's appointment as commissioner of pensions, announced early Saturday morning, came as a genuine surprise to most of those interested.

Gen. Green B. Raum, of Illinois, the new commissioner of pensions, took the oath of office as commissioner of pensions before Chief Clerk Dawson, of the interior department, at 12 o'clock. He was then officially introduced by Secretary Noble to the officials in the department. After some time spent in receiving the gratulations of friends, Gen. Raum proceeded to the pension office, accompanied by Assistant Secretary Bussey. He was introduced to the chiefs by Assistant Secretary Bussey and Assistant Commissioner Smith.

Among the department officials the selection is well received, the only criticism made being that Gen. Raum has not in recent years been in active political life. With the appointment of Gen. Raum as commissioner, the rumor is revived that Deputy Commissioner Smith will either be allowed to resign or else transferred to some other field. It seems to be accepted as a fact that he will not remain assistant commissioner of pensions.

Secretary Noble when asked whether Mr. Smith would be removed, said that as Gen. Raum was now commissioner of pensions, his desire is in regard to who would assist him as deputy commissioner, would have great weight. He would not say whether he himself contemplated any action in the premises.

Mr. Raum was born in Golconda, Ill., Dec. 4, 1829. He was admitted to the bar in 1852. In 1856 he removed with his family to Kansas, where he made himself obnoxious to the pro-slavery faction. The following year he returned to Illinois and settled at Harrisburg. He entered the army as major of the Fifty-third Illinois regiment. He was made brigadier general of volunteers Feb. 15, 1863, which position he resigned May 6. In 1866 he obtained a charter for the Cairo and Vincennes Railroad company, of which he was the first president. He served in congress from March 4, 1867, till March 3, 1869.

In 1876 he was president of the Illinois Republican convention and in the same year a delegate to the National convention of the Republican party at Cincinnati. He was appointed commissioner of internal revenue Aug. 2, 1876, and retained the office till May 31, 1883. During this period he collected \$8,000,000 and disbursed \$30,000,000 without loss. On his retirement from the internal revenue office Gen. Raum began the practice of law in the District of Columbia, which he has continued until the present day.

A DISASTROUS EXPLOSION.

Sixteen Men Imprisoned in a Burning Mine.

FORT SMITH, Ark., Oct. 21.—A disastrous explosion occurred Saturday in a coal mine at Bryant's switch, fifty miles south of here in the Choctaw nation. A miners' lamp came in contact with a keg of the powder. The explosion of the powder caused an explosion of coal dust which set the mine on fire. Sixteen men were in the mine, the shaft of which is 500 feet deep.

The work of rescuing the unfortunate was completed about dark. All of them were taken out more or less injured. Four were horribly burnt, and at last accounts were not expected to recover. Mr. O'Brien, one of the owners of the mine, came in on the north bound passenger and returned to the scene of the disaster on the south bound train with several hundred feet of hose and other necessary machinery with which to extinguish the fire.

SAVED ALL EXPENSE OF A TRIAL.

YOKOHAMA, Oct. 21.—Count Okuma, the Japanese foreign minister, was attacked by an assassin yesterday and slightly wounded. Before the would-be murderer could be arrested he stabbed himself to the heart.

RAILROAD LAND GRANTS.

A Dispute Over Valuable Mineral Lands in Montana.

BUTTE, Mont., Oct. 21.—Telegrams received from Washington state that the land department is about to issue patents to the Northern Pacific railroad on lands claimed by them on the Oro-Fino district. The lands are strictly mineral, and, in fact, the Champion mines, valued at \$1,000,000, is on the sections claimed by the railroad company. Mineral lands were particularly exempted from the Northern Pacific land grant.

S. M. Stocklager, ex-commissioner of the general land office, says a recent decision of a like nature by the department in favor of the Central Pacific railway would probably act as a precedent in the Northern Pacific case.

Protests have been sent to Secretary Noble by the board of trade and the mining men of Oro-Fino.

ONE OF THE JOHNSTOWN VICTIMS.

NEWARK, N. J., Oct. 21.—The funeral of Chris Meisel, late manager of the Mansfield, O., base ball club, took place here yesterday. Meisel was a victim of the Johnstown flood, and his body was identified by a finger ring. A Newark social club, of which Meisel had been a member, brought the body here for interment. The funeral was largely attended.

POSTOFFICE ROBBED.

BLOOMINGTON, Ind., Oct. 21.—Thieves entered the postoffice last night but made a very light haul. Mr. McPhee had carefully locked all the valuables in the safe, except a handful of coppers, which were taken. They made no effort to enter the safe.

## Military Movements.

Russia Preparing for War on a Large Scale.

### AN INVASION OF ARMENIA

Will Be the Beginning of the Long-Dreaded European Conflict—Death of the King of Portugal and Succession to the Throne of His Son—Other Foreign Dispatches.

LONDON, Oct. 21.—A dispatch from Erzeroum states that notwithstanding the hint from Berlin that the invasion of Armenia by Russia would probably be the beginning of the long-dreaded European conflict, the Russian army of the Caucasus is being rapidly concentrated on the Armenian frontier, and extensive military preparations are taking place in the frontier districts.

The army of the Caucasus consists of two army corps, each of three infantry divisions, and one or two Cossack divisions. The First corps has its usual headquarters at Tiflis and its division headquarters at Kutais, Tiflis, and Alexandropol—that is, all south of the Caucasus. The Second corps is normally stationed north of the Caucasus, its division being at Kuban, Vladikavkaz, and Dagestan. The two last named divisions and several regiments of Cossacks have been moved to the south of the mountains, where there are thus far five instead of three divisions, making a total of 75,000 men.

The cavalry in the whole district has been brought up to its full strength, and the artillery is already in excess of the normal establishment, and more heavy field guns are daily arriving. The works of Kars are being strengthened, as if the engineers expected a more formidable enemy than the Turk. The road from the fortress of Kars to Ardahan has been put in order and the road leading from Kars toward Erzeroum is being repaired as far as the Turkish frontier. Close to the frontier on this road a force of 40,000 men is quartered. Extensive stores of provisions are being collected at Kars and Alexandropol, and long trains of ammunition have been moved up to Alexandropol from the Baku-Tiflis railway.

### Death of a King.

LONDON, Oct. 21.—The King of Portugal, who has been ill for some time, died Saturday. His death occurred at 11 o'clock in the morning.

The Duke of Braganza, eldest son of the king, who succeeds to the throne, will assume the title of Carlos I. The premier waited on Don Carlos and presented the resignations of the cabinet ministers, which the king declined to accept.

The queen was present when the king died, and kissed her husband's corpse. She then embraced Don Carlos, saying: "I bless you as monarch. I hope you will prove as good a king as you have always been a son."

The new king has issued a proclamation, in which he promises a faithful observance of the political institutions of the country, and says that he will follow the example of his father, and try to merit the affections of the people. He swears to maintain the Catholic religion, the constitutional laws and the integrity of the kingdom. He declares it to be his pleasure that the present ministers continue in office.

### ATTEMPTED ASSASSINATION.

BERLIN, Oct. 21.—Prince Wilhelm of Wurtemberg, nephew of Karl I., King of Wurtemberg and heir presumptive to the throne, while driving to church in the city of Ludwigsburg Sunday morning, was fired at by a man on the sidewalk. The shot did not take effect and the prince escaped unhurt. His assailant was arrested. When asked why he sought to kill the prince he exclaimed excitedly, "It is fine Wurtemberg had a Catholic king." It is believed the man is deranged.

### LATEST FROM ZANZIBAR.

ZANZIBAR, Oct. 21.—News has been brought here of an engagement between a portion of Capt. Wissman's force and natives. The fight is said to have occurred last Thursday at Bogonaya, but no details have been received.

### TRIPS CALLED FOR.

BERLIN, Oct. 21.—A large force of military has been ordered to Chemnitz, where the weavers are engaged in a strike for increased pay. Frequent disturbances occurred there yesterday and the police have asked for aid.

### SAVED ALL EXPENSE OF A TRIAL.

YOKOHAMA, Oct. 21.—Count Okuma, the Japanese foreign minister, was attacked by an assassin yesterday and slightly wounded. Before the would-be murderer could be arrested he stabbed himself to the heart.

## THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.  
ROSSER & McCARTHY,  
Proprietors.

MONDAY, OCT. 21, 1889.

THERE are 13,997 persons who draw their pensions through the Louisville agency.

THERE were forty-five deaths in Louisville last week, and two-thirds of the people who passed away were females.

OTTO MARTIN, of Foxport, Fleming County, shot and fatally wounded himself while out after some would-be burglars the other night.

THE Democrats of Madison County have nominated Mrs. Amanda Miller for County Superintendent of Public Schools. She has held the office for one term.

W. L. STAMPER, formerly of the Kentucky Conference, M. E. Church, South, who withdrew to practice law, is now editor of the Mountain Observer, at Campton, Ky.

SHELBY COUNTY Democrats are "rushing things." The Constitutional Convention hasn't been called yet, but they have already ordered a primary election for December 14th next, to select delegate.

THE General Convention of the Christian Church Missionary Societies of the United States will meet at Louisville tomorrow. The widow of Alexander Campbell the late eminent divine, will be present.

It will be observed that Governor Foraker never talks any more about a joint discussion with Hon. James E. Campbell. This is rather strange when Little Breeches only a few weeks ago seemed so anxious to meet the Democratic nominee on the stump.

THE total disbursements by the Pension Department the past fiscal year amounted to \$89,141,963.44. Of this sum over \$1,300,000 went as fees to attorneys. When it comes to rewarding the patriots and caring for them the United States knocks out all other nations.

THERE will be a rousing Democratic rally at Ripley to-morrow (Tuesday). The Maysville band has been engaged for the occasion and will leave on the Silver Wave at 1 o'clock. Hon. Virgil P. Kline, one of Ohio's greatest orators, will be one of the speakers. The Silver Wave will carry passengers from Maysville to Ripley for 25 cents.

REV. EDWARD HENRY FAIRCHILD, first President of Berea College, in Madison County, aged seventy-four years, is dead. He was a fanatical anti-slavery man before the war, and since that period has presided over the only institution of learning in Kentucky where whites and blacks, males and females, were promiscuously mingled.

THE Court of Appeals in reversing the case of Taul, &c., versus Sears, from Nicholas County, decides that

First—An officer has no right to make out a fee bill against the defendant in an execution for his commission for collecting the execution. He must collect his commissions as a part of the debt due the plaintiff, and make out his fee bill against the plaintiff.

Second—As this was an action at law, and the issues were legal, it was error to transfer it to equity over the objection and exception of the defendants.

Third—Where a debtor dies after suit is instituted against him, no demand is necessary before the order of revivor, but the verifying affidavit is necessary before the court can render judgment.

DAVID BENNETT HILL, Governor of New York, can't afford to go to slurring Grover Cleveland as he is reported to have done down at Chattanooga last Friday. Mr. Hill may not be aware of it, but he doesn't stand half as high in the esteem of the Democrats of the country as Mr. Cleveland does. The result of the last National election especially, as far as New York's vote figured, he is not easily forgotten. New York's bold-headed Governor must hold his tongue. He is turning loose a boomerang that will knock the wind out of his Presidential aspirations if he ever gets in the way.

### Women's Rights.

The Kentucky Equal Rights Association has published "An Appeal for Justice" from the pen of Mrs. Josephine K. Henry, of Versailles, coupled with the following petition to the Legislature of Kentucky:

To the General Assembly of the Commonwealth of Kentucky: We, the undersigned citizens and residents of this Commonwealth, being satisfied that our statutory discriminations against the property rights and privileges of married women are unreasonable and unjust, most earnestly and respectfully petition your Honorable Body to enact such law as will remove said discriminations, and give to married women the same rights and powers that are enjoyed by married men; to acquire, hold and dispose of all kinds of property, and also to equalize the rights of Dower and Curtesy.

It is the intention of the association to circulate the appeal and the petition throughout the State and to make a strong attack upon the laws regulating the property rights of married women in Kentucky.

#### The Attempted Fraud in Montana.

Republicans who have the least pretense to fairness, including B. Platt Carpenter, once of New York, unite with the Democrats of Montana in denouncing the attempted fraud of the new State. Mr. Carpenter characterizes the proceedings of the Silver Bow canvassers as outrageous, and says: "The Republican canvassers have no case, and the masses of the party will not support them." Judge De Wolfe will be sustained in his ruling that the canvassers went entirely out of their province in assuming judicial instead of ministerial functions. There was no allegation that votes had been fraudulently cast at the precinct the vote of which had been rejected. The correctness of the return was not questioned, and a quorum of the Board having acted and the papers before them being regular, the canvassers of the county had not a shadow of ground for attempting to nullify the vote.

The most startling development in connection with this Returning Board crime is the statement that Russell B. Harrison is on his way to Washington to obtain the immediate removal of Judge De Wolfe, in order that a plant tool of the Floater Fund headquarters may be put in his place as part of the machinery to be used in burglarizing the State.

Harrison the younger may be capable of any folly under the promptings of the vicious advisers by whom he is surrounded; but every patriotic citizen will refuse to believe that a President of the United States can be induced to prostitute his powers to the aid of a monstrous crime against the independence of the judiciary and the freedom of our institutions. The Sanford case was a great scandal. The removal of Judge De Wolfe under existing circumstances would be intolerable.—New York Star.

THE Wine and Spirit Bulletin shows that forty brands of Kentucky Bourbon whisky have advanced in price the past year on an average of 55 per cent., while fifteen brands of Eastern rye have made an average advance of 54 per cent. The importance of this advance will be appreciated when it is remembered that there are nearly 40,000,000 gallons of Kentucky whisky in the hands of distillers and dealers.

The manufacture of cigars in the United States in 1889 is estimated at 3,925,000,000.

# Cutting Loose!

'Tis true we bought them low down—in fact lower than any other house in the State—but to buy them at the prices we did we were compelled to take greater quantities than the ordinary hum-drum trade of "ye olden times" usually required. Gentlemen, we are going to cut loose! We are going to turn them into money, and at prices that will not require much time to do so. We want you to come in, enquire after and look at the following special things that we have in large quantities. We want to close them all out during this month.

No. 1. 172 Elegant, Children's Cape Overcoats, \$3.00.

## Great Loss of Life.

Over Eight Hundred People Drowned in Japan.

### A DESTRUCTIVE TIDAL WAVE

Nearly Two Thousand Houses Entirely Destroyed—Many Villages Along the Coast Swept by the Waves, Destroying Vast Amounts of Property.

SAN FRANCISCO, Oct. 21.—The last steamer from China and Japan brings an account of a tidal wave in which nearly 800 persons lost their lives and about 2,000 houses were washed away. On Sept. 11, the same day Yokohama was severely damaged by typhoon, a violent wind and rain storm sat in at Wazugum and Aicheken. By 2 o'clock the sea had risen several feet above ordinary high tide, and just after nightfall the waves mounted to a great height, washing away the embankments and leveling the buildings near the shore.

Shortly afterward a wave fifteen feet higher than the highest of those that had preceded it rolled in with a great roar, washed away the remaining portions of the embankment and carrying with it nearly all the houses of the various villages along the beach. This was done so suddenly and unexpectedly that the inhabitants had not time to escape, and at Okudo in Oguri-shinden, all the houses, twenty-three in number, were washed away, and out of ninety inhabitants fifty-four lost their lives.

At Jitsuroku Koyabu-Mura forty houses were washed away, and about fifty out of the population of 250 were killed.

At Ikuta-Mura 120 houses were washed away, about twenty broken up and forty of the inhabitants killed.

At Yoshida-Mura 350 out of 650 houses were washed away and 628 of the population of 3,700 were killed.

At Toba Hara, containing 220 houses and a population of 1,130, ten houses were broken up and ten persons perished.

In addition to those already enumerated 309 bodies have been found, and there are yet 280 persons missing.

The emperor and empress have sent \$1,500 and \$500 respectively for the relief of the sufferers.

#### Desertion and Death.

EVANSVILLE, Ind., Oct. 20.—Mrs. Ollie Williams committed suicide here at 8 o'clock last night by cutting her throat with a razor. She was a stranger in the city, having come here a week ago with a man named Phillips, with whom she had been living. The couple came directly here from Council Grove, Kan., where they stole a 9-year old son of Mrs. Williams by her divorced husband by the terms of the divorce. On Wednesday last Phillips deserted his paramour, and this is believed to be the cause of her suicide. The child was taken in charge by the local authorities, and will be sent back to the father.

#### A Marshal Shot by Negro.

BRANFORD, Fla., Oct. 21.—D. R. Elliott, marshal of Live Oak, quarreled with a colored barber named Chester Matthews here yesterday. Matthews fled and hid in Durv's hall. Elliott followed, found Matthews, and fired at him, whereupon Matthews fired five times at Elliott, killing him. A verdict of justifiable homicide was rendered by a coroner's jury, but Elliott's friends are excited and talk of lynching Matthews, who has been taken to Live Oak by the sheriff of Suwanee county. The negroes are uneasy and many have armed themselves. Elliott was a popular young man.

#### Preparing for a Fight.

BLOOMINGTON, Ill., Oct. 21.—Alf Kennedy, of Streator, backer and manager of Billy Myer, the champion light weight, now residing here, has written to Myer saying that he has sent \$5,000 to The Police News, New York, the amount of Billy's forfeit to fight Jimmie Carroll, of Boston. Billy says the fight is a sure thing, and that he never looked forward to a contest with more confidence. He will do some preliminary work here, but will go to El Paso, Tex., Jan. 1, and do his actual training there. He thinks the fight will come off near that place.

#### Jumped from a Third Story Window.

BROOKLYN, N. Y., Oct. 21.—Miss Adelaide Phelps Thompson, aged 30 years, who has been under treatment for a nervous disease affecting her brain, jumped from a third story window of her home, No. 77 Hancock street, Sunday, and was killed. Members of her family who kept constant watch over her had left her but a moment before, thinking her sound asleep. She was evidently feigning sleep in order to secure a few moments' solitude. She was a sister of Joseph H. Thompson, a wealthy tobacconist of New York.

#### Recently Wed Ended in Marriage.

CINCINNATI, Oct. 21.—At Pine Springs, Rowan county, Ky., Frank Toliver married Miss Grace Martin. The bride and the bridegroom respectively are sister and brother of the leaders of the opposing factions that have for several years been industriously murdering each other in that county. This wedding seems to be a treaty of peace.

#### Congressman Whitthorne Dying.

NASHVILLE, Tenn., Oct. 21.—Congressman W. C. Whitthorne, of the Seventh Tennessee district, and at one time chairman of the committee on naval affairs in the house of representatives, is lying at the point of death at his home in Columbia, Maury county. Mr. Whitthorne has been dangerously ill for several weeks.

#### Forger Arrested.

SULLIVAN, Ind., Oct. 21.—Hugh L. Sherwood, of Shelburn, Ind., has been arrested charged with forging his father-in-law's name to a note for \$1,200. He is in the hands of officers, trying to give bail. He failed in business about a year ago and left the country, but lately turned up and was arrested as above.

### A STENOGRAPHER WANTED.

One Who Can Report in French, English and Various Other Languages.

WASHINGTON, Oct. 21.—Unless a stenographer who is capable of wielding polyglot shorthand is found very soon, there will be a serious delay in the beginning of the International Maritime conference. Up to this time it has been impossible to find a man who can write French, English and various other languages stenographically, who is willing to take the proceedings of the congress for less than \$8,000.

Only \$20,000 were appropriated by congress to defray the expenses of the conference, and if nearly half this amount is to be taken for simply the stenographic work there will be a discrepancy somewhere. Secretary Blaine has asked the official stenographer of the house of representatives to find a capable man, but he was told that if such a man is found he would have to be paid as much as \$8,000 for the work. The lowest bid received so far for a single man's work was \$600 a day, and he was not considered competent and his employment refused. Unless a man is found within the next four or five days the proceedings of the congress will be greatly retarded.

#### Never Thought of His Room-Mate.

NEW YORK, Oct. 21.—George Pfeiffer was found dead in bed at 206 East Thirteenth street this morning, having been suffocated by gas. His room-mate, Morris A. Redding, was unconscious, and may die. Pfeiffer was out of work, and it is thought that he left the gas furnace in order to end his life, and that Redding was unaware of his action.

#### Long Trip for a Murderer.

SAN DIEGO, Cal., Oct. 21.—Sheriff Pearce of Leon county, Fla., arrived here last night, and will return to Florida in a few days with a man named Parish, who is wanted there for the murder of two negroes some time ago.

#### Dry Goods House Fail.

BELoit, Wis., Oct. 21.—James M. Carpenter, proprietor of one of the largest dry goods houses in this city, has failed. The liabilities are \$60,000, and the assets between \$30,000 and \$35,000.
